*Good morning Peter and Stavros.*

*We have a Lake Rotoiti Community Association meeting on Monday, and are planning our next E-newsletters I be sent next week.*

*Back in October when confirming with you the timetable for inviting tenders, it was advised that tenders closed in November, and the evaluation process would follow in December and January, with a community meeting, and subsequently a recommendation to councillors for approval.*

*I gather it is hoped that the recommendation should make the April meeting.*

*However we have not heard about planning for the community meeting that was referred to and of course had informed our membership that one would be held. This is important to members to understand the decision making process for Contractor and on site system, and the ultimate cost per property.*

*Please advise when this meeting will be held, before (which we anticipated) or after the Council decision?*

*I have not yet had a chance to read the portion of the Te Arawa Lakes Strategy meeting agenda that apparently refers to additional funding options, and would be keen to know the outcome of the funding considerations at the meeting.*
